

KUSHLA ASSEMBLY
Keeping it Real

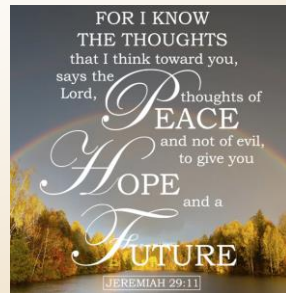

February 09, 2020

Rekindling the Vision

A Note from Pastor Kenny:

*Well Praise the Lord, we are seeing progress! Our church is yet another step closer to becoming a Sovereign Assembly. As of now, everyone that has wanted to join the church, are members. CONGRATULATIONS! More importantly, thank you! Thanks you for your commitment and dedication to Kushla Assembly. Each and every one of you are extremely important. Although everything isn't complete yet, we are well on our way to come out from District Supervision. **March 1st we will have a very important Business Meeting here at the church and it's crucial that all members attend the meeting.** It's the first of two such meetings. The first will be without our Sectional leaders. The second will be with our District leaders. We have some legal matters to attend to as well as establishing our own constitution and bylaws before that meeting. A lot going on over the next bit. Please attend all services and stay up to date with what's going on. And especially these two meetings. This is extremely vital to the future of our church. Please continue in prayer for direction and leadership of the church as always.*

Be blessed

Embrace the Vision

2/16

Care for Kushla

What is **Care for Kushla**? It is a way for Kushla Assembly to show just what we mean when we say we are *Real People...Real Commitment...Sharing the Message!* We will be delivering meals to our community! It will be the 3rd Sunday of EVERY MONTH immediately following morning worship service. But we need your help. We need you to help out, to serve, to engage and to LOVE! The **FREE** meal will be for visitors and our church folks alike. **Spreading the word is crucial to the success of these events. Please tell every Kushla resident you know.**

Real People * Real Commitment * Sharing the Message
